

The Staple-First Technique™ for Augmentation Mastopexy for Moderately to Severely Ptotic Breasts (2010)

*Ted S. Eisenberg, D.O., FACOS, FAACS
Plastic and Reconstructive Surgeon*

Price: \$499* (shipping and all taxes included)

Language: English

Run time: 2 hours

This DVD introduces Dr. Ted Eisenberg's Staple-First Technique™ for Simultaneous Augmentation Mastopexy for moderately to severely ptotic breasts. The innovative approach simplifies a very challenging procedure. It takes the guesswork out of how much tissue needs to be resected and permits a one-step en bloc resection, regardless of the degree of ptosis or implant size.

In this instructional DVD, Dr. Eisenberg performs and narrates the live surgery step by step. Chapters include preoperative markings, bilateral submuscular breast augmentation with saline implants, mastopexy stapling, new nipple and stapling markings, staple removal and deepithelialization, reapproximation of tissues, and final closure and dressings.

"I find Dr. Eisenberg's technique quite elegant. By eliminating the tension and allowing previsualization, it increases the safety margin of the Augmentation Lift operation – and that's a very good thing." - Dr. Wilbur Hah, Texas

*When you register for Dr. Eisenberg's Staple-First Course, the \$499 DVD price will be deducted from the tuition.
